

# MATTHEW MARINEAU

## SKILLS

I'm a web developer with over 7 years web development experience, specializing in eCommerce (Shopify). I'm well-versed with HTML, SCSS, ES6, JavaScript, React, Gatsby and more!

## EXPERIENCE

### **Archetype themes, Remote** – *Senior Developer*

January 2021 – PRESENT

- Developed and maintained critical components of e-commerce themes, including cart, quick view, and product pages.
- Developed in-house libraries to replace third-party libraries.
- Reviewed code and mentored other developers.
- Translated design team's UX wireframes and mockups into responsive, interactive features, using HTML/CSS and JavaScript.
- Assisted in leading projects to help ensure timely deliveries.

### **Pixel Union, Remote** – *Intermediate Developer*

November 2016 – January 2021

- Developed and maintained critical components of e-commerce themes, including cart, quick view, and product pages.
- Reviewed code and mentored other developers.
- Translated design team's UX wireframes and mockups into responsive, interactive features, using HTML/CSS and JavaScript.
- Assisted in leading projects to help ensure timely deliveries.

**Pointer Creative, Ottawa CA** – *Theme Developer*

March 2016 – November 2016
